

## Site Development

We are delighted to share the plans for the development of our temporary site ready for September. Subject to planning approval, the extra classroom block to house our new Year 1 class will be situated off the back of the office block with an extended playground area. We are really pleased with the space and are really looking forward to its installation this summer.

If you have any questions about these plans, please get in touch with us, but we hope you are excited as we are.

## Permanent Building

Again, we are really pleased to announce that the DfE have appointed a new contractor for the permanent build. With all the planning and architect already in place, we are excited for them to get started soon.

The new contractor is Interserve and we are looking forward to our first meeting with them this week. As soon as we have more information, we will share it with you.

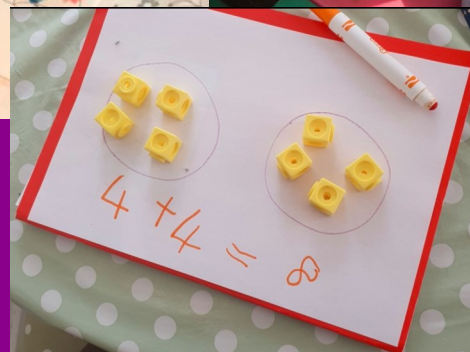

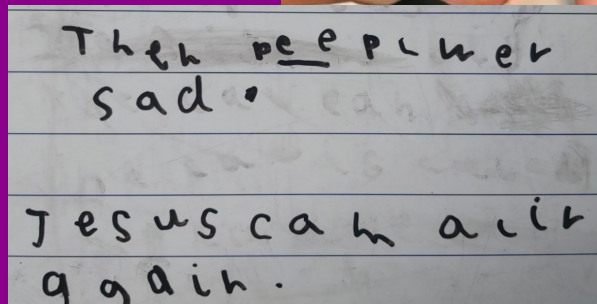

I wanted remind you all about the quiz night for all parents/carers and staff. It will be on Thursday 14th May at 7:30pm. I will host the quiz via zoom and send a link out to everyone who wants to take part. Hopefully it will provide a bit of light relief during this difficult time and give you all a chance to relax.

There will be a prize of a wine tasting voucher for the winning household and we hope to see as many of you there as possible.

# Home Schooling

We want to thank all of our amazing families for all the work you have been doing with the children during these difficult times. We appreciate that trying to juggle jobs, managing a household and educating children in a house rather than a fully resourced classroom isn't exactly straight forward. Any activities you have managed to complete will be of great benefit to the children and we thank you for that. Here are a few examples of the lovely work that has been going on so far.

## Dates for your diary
