Beech Class

This week in Maths we have been learning about halving. The children have collaborated together to find half of objects and then half of numbers. We started with big mats on the floor so we could be super active and then we were able to use the teddies to do it in our pairs. We know that half has to be equal so it is fair. Another super week of learning Beech class!

Cherry Class

Our new learning adventure is exploring different places around the world. The children made their own passports and have been taking our new friend 'Jimmy Bear' on many adventures around the world!

Elder Class

In Elder class we had a jolly jubilee celebration enjoying a tea party and themed activities. We also danced the afternoon away and sang the national anthem.
