Year 2

KING CHARLES III

clay work

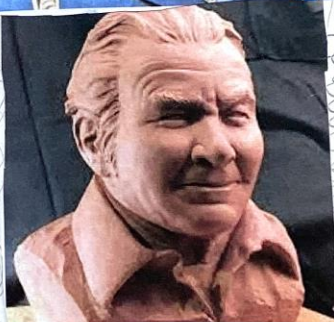

clay

Sketch

clay

King Charles III

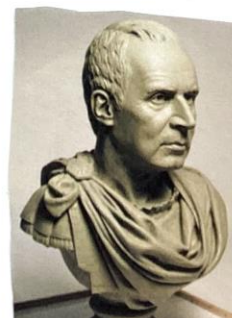

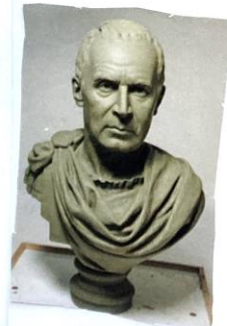

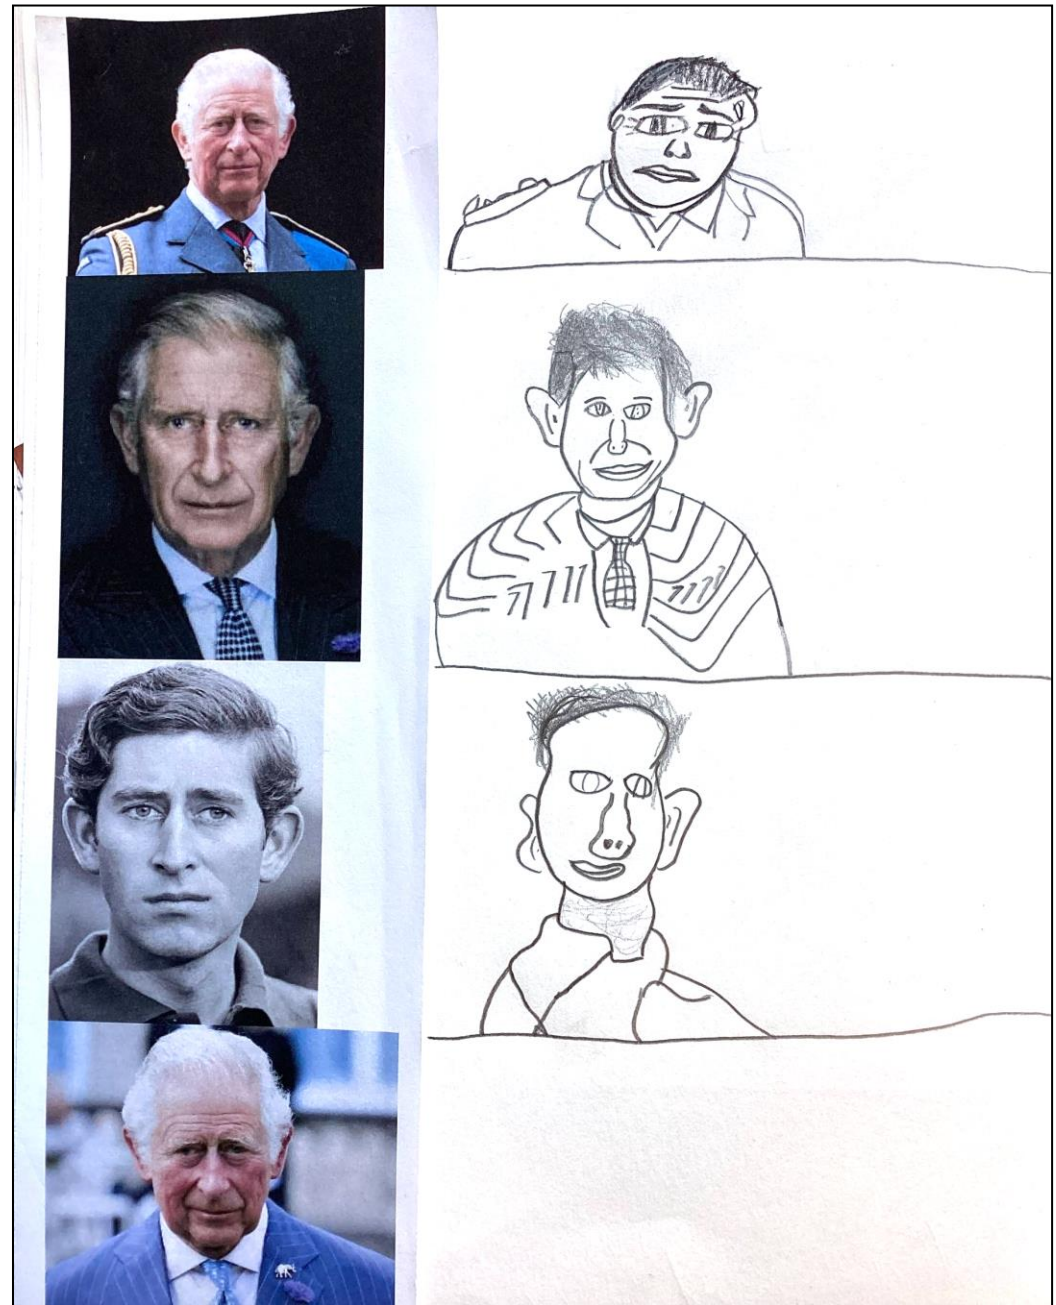

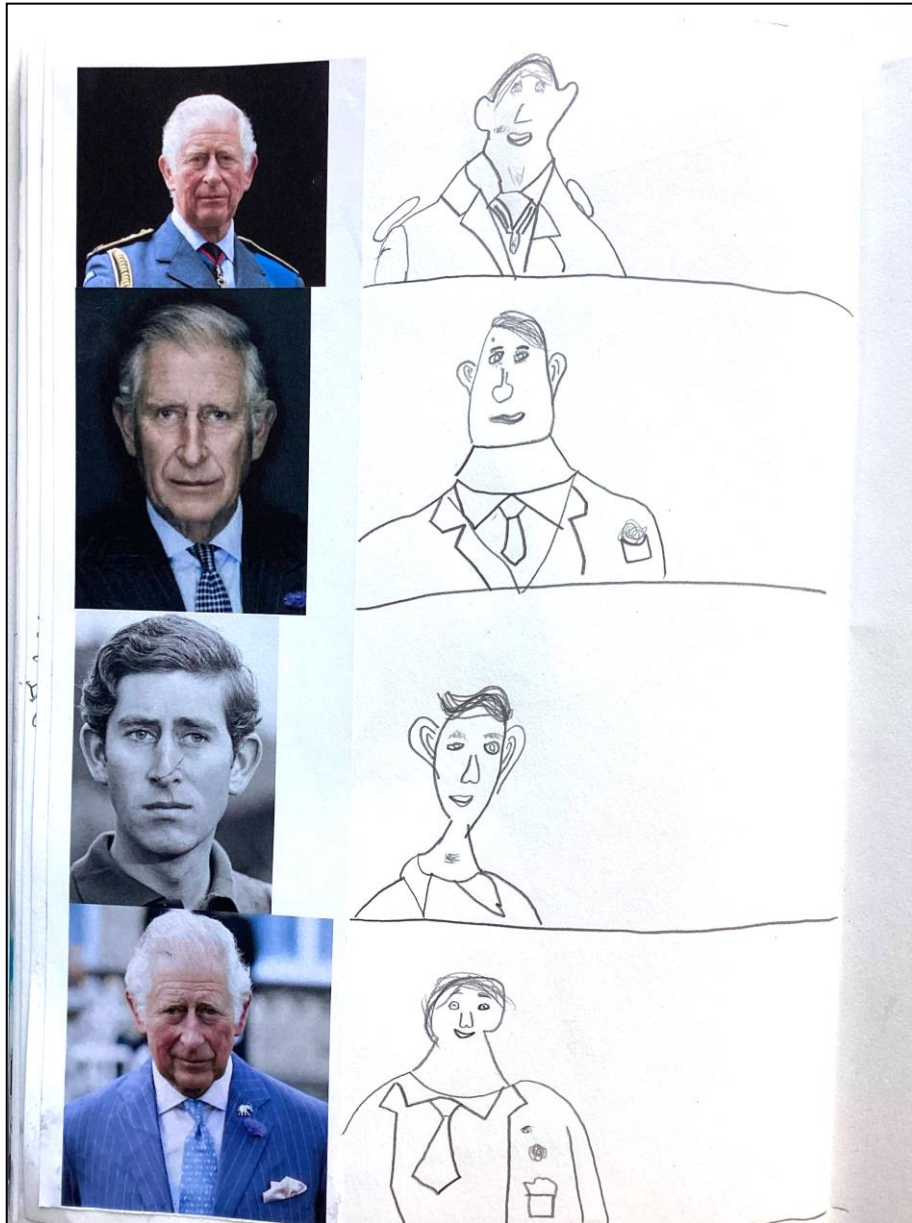

This is made from clay
King Charles III

This is made
in clay.

Clay!

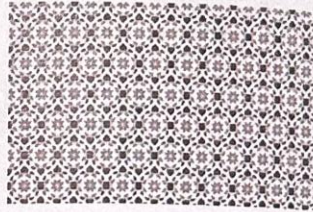

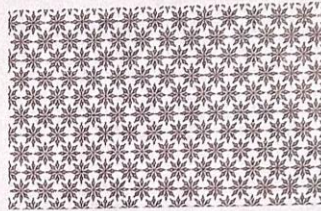

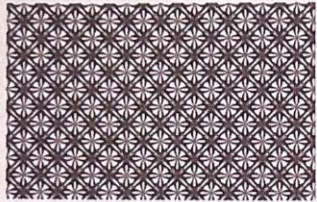

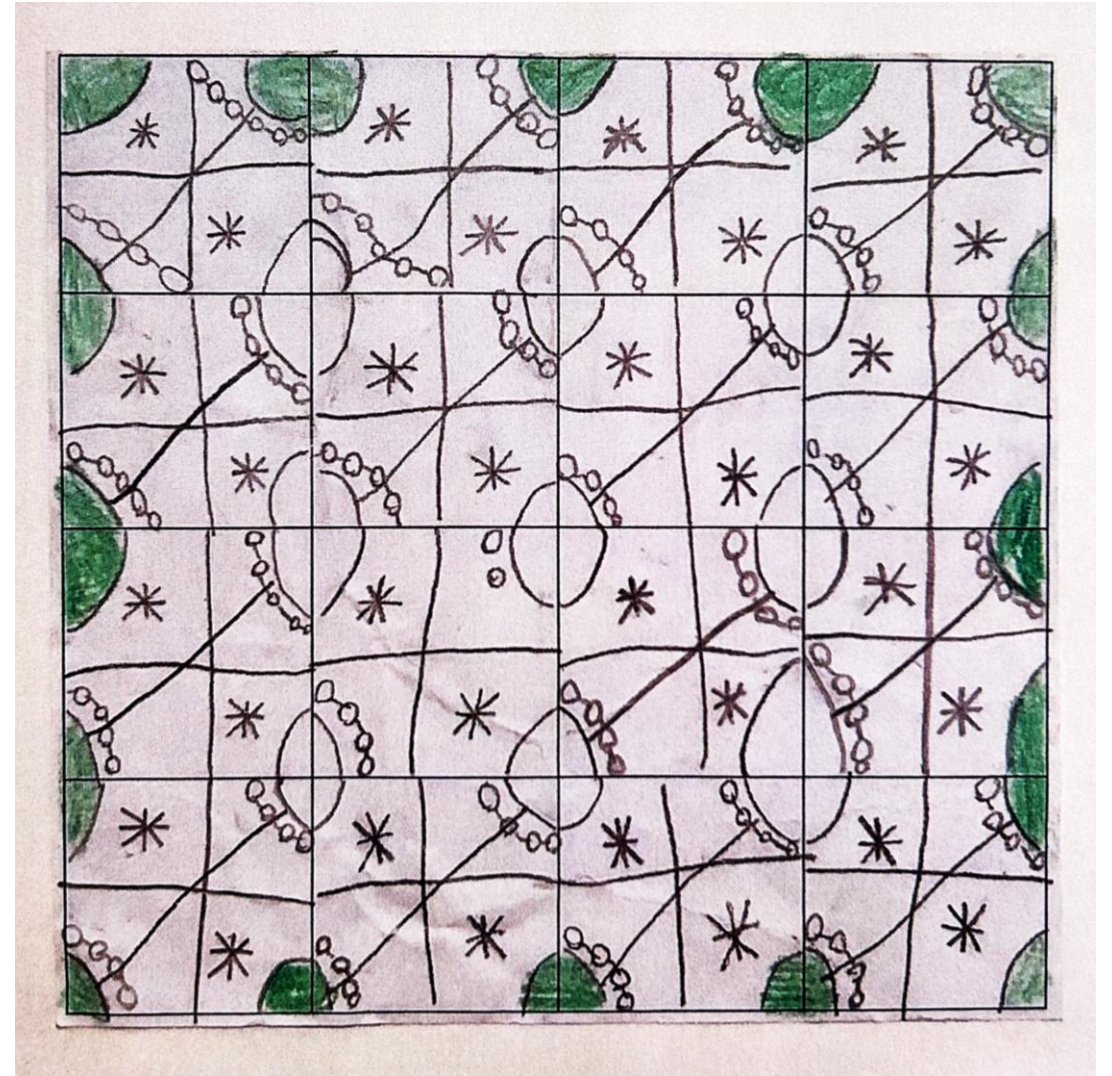

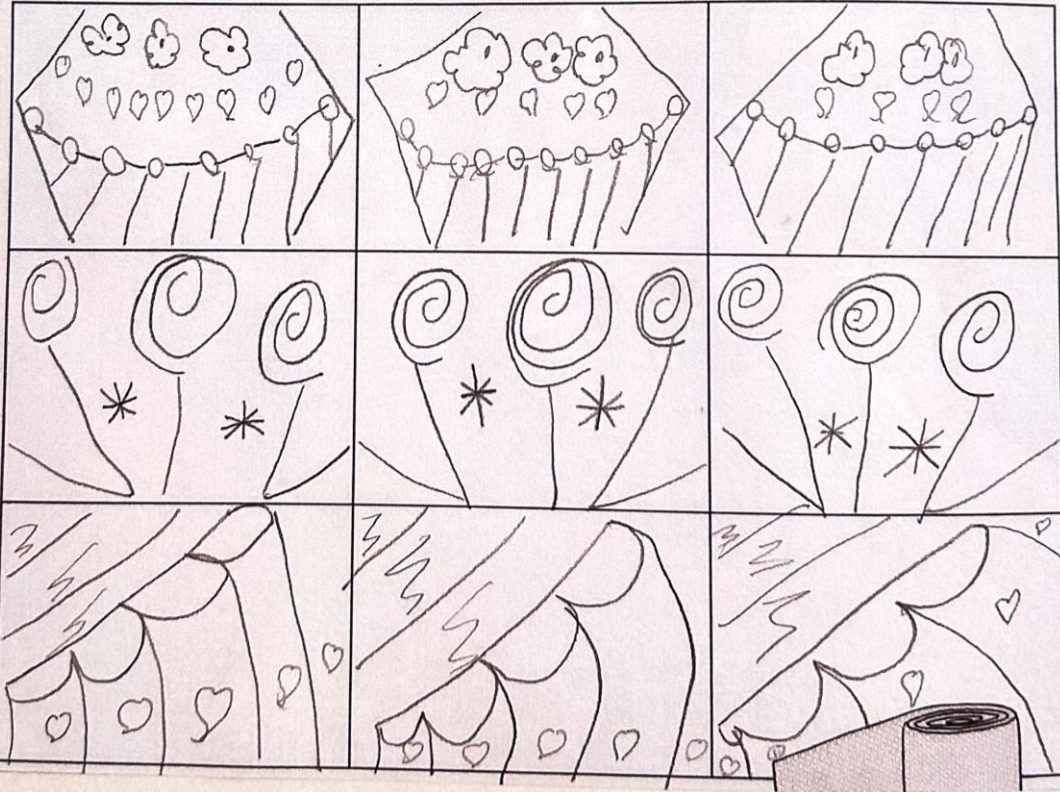

Repeating Patterns

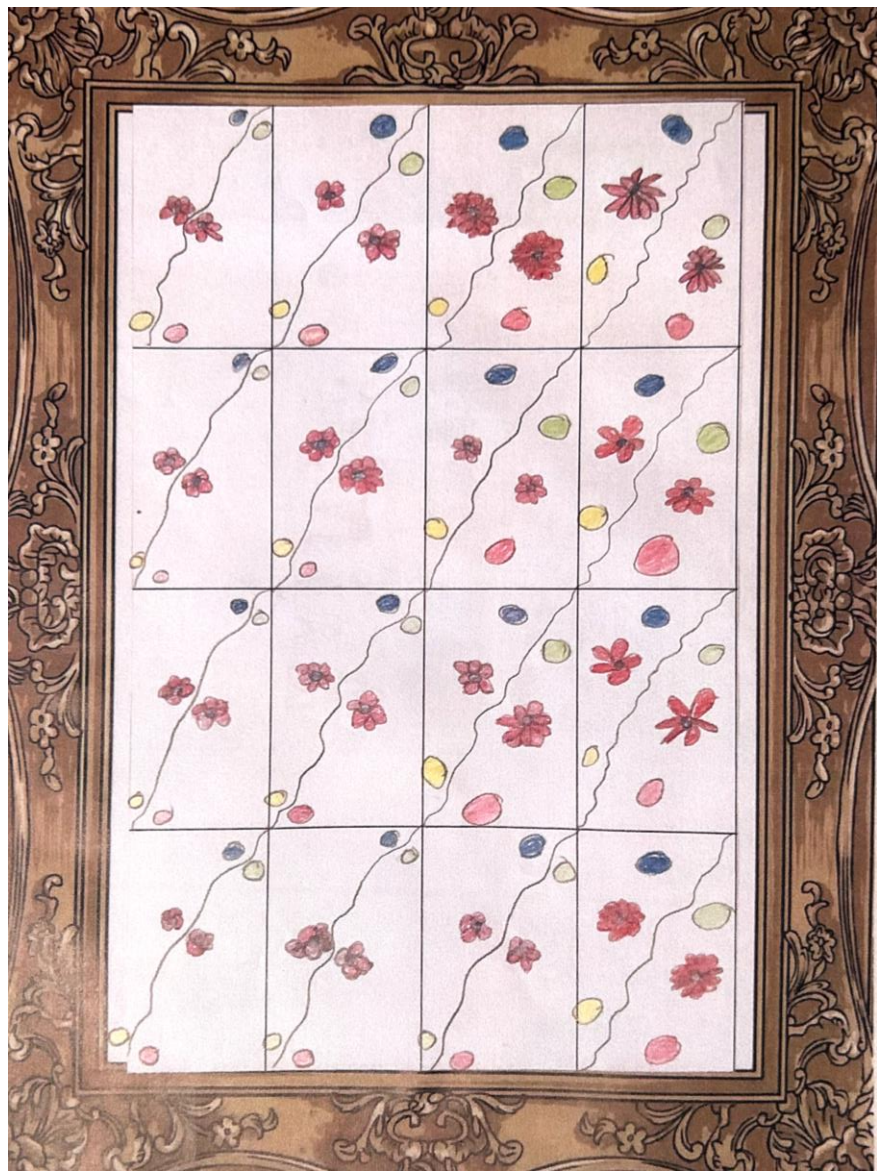

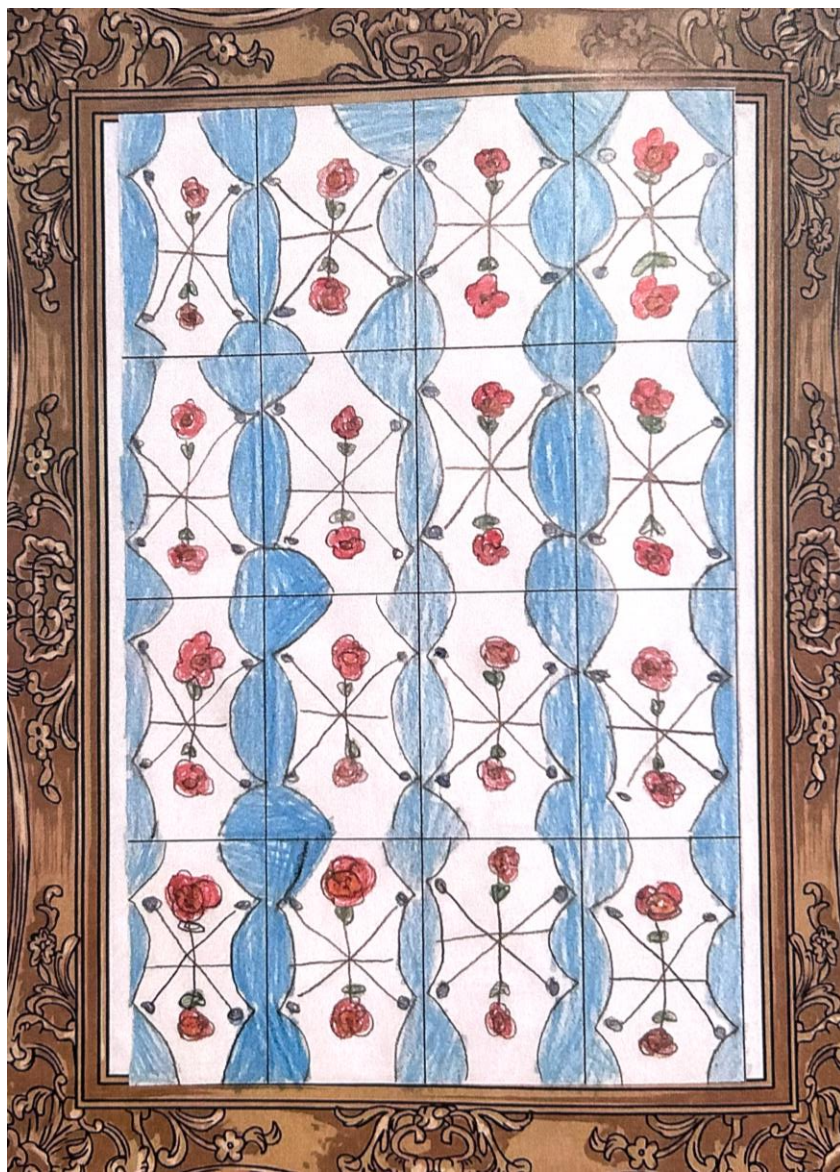

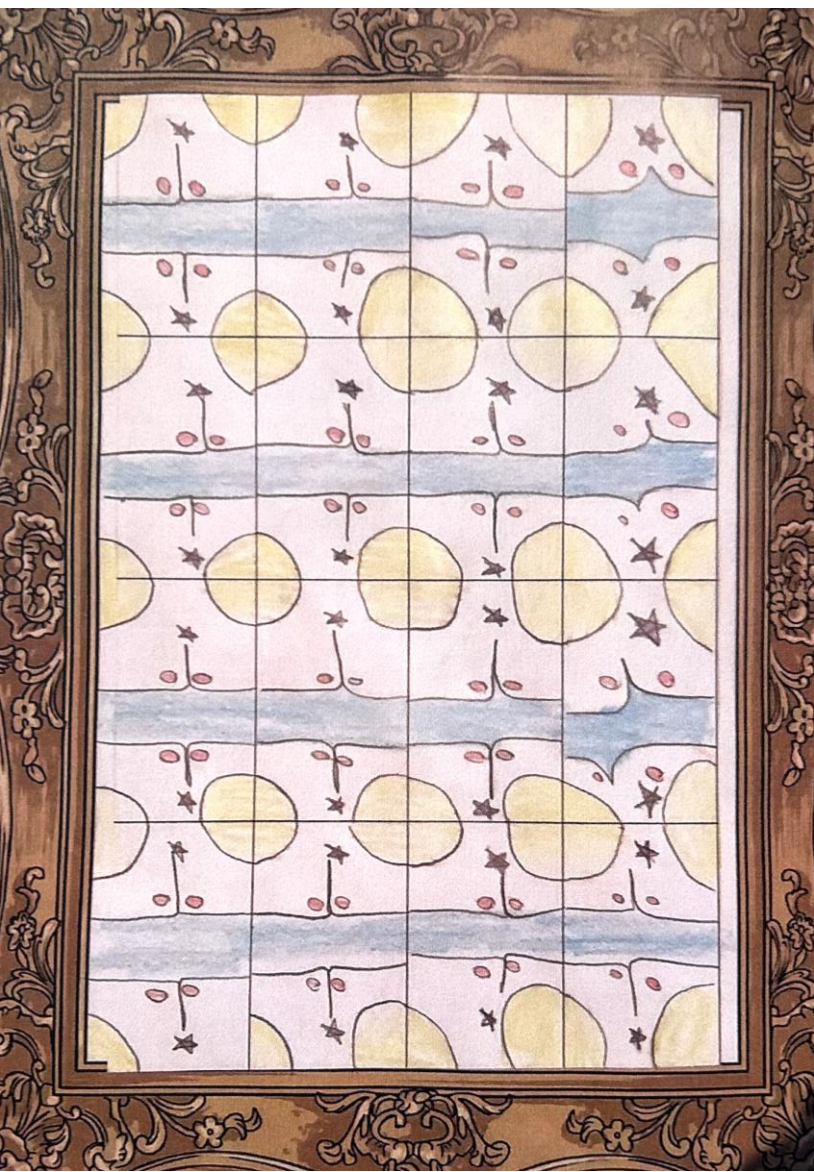

Bubble wrap was initially invented to be used as wallpaper.

Wallpaper is created from a series of repeated patterns.

Have a go at creating your own wallpaper by designing a pattern in the first box and repeating it across the page. You could create a template for accuracy!

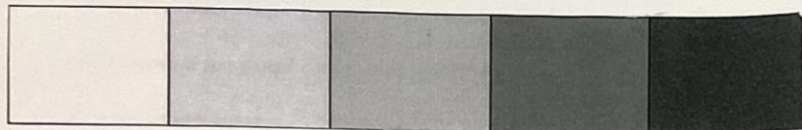

Year 3 class

Hazel

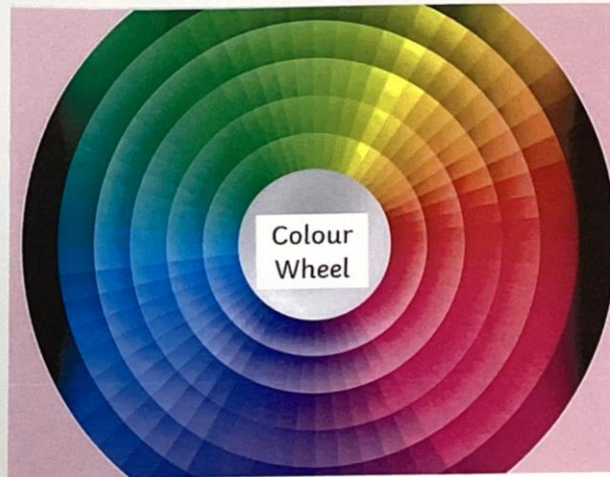

Tints and

A Tint is adding black and a Tone is adding white.

Tones

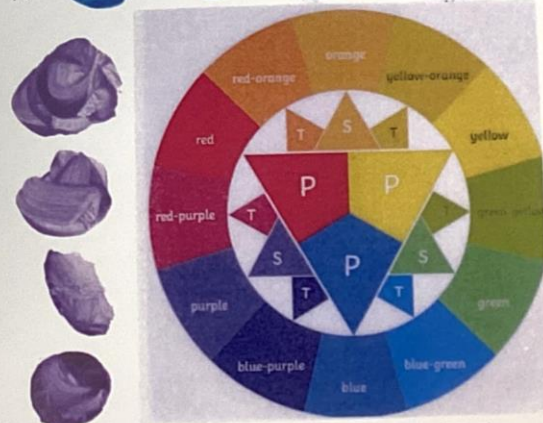

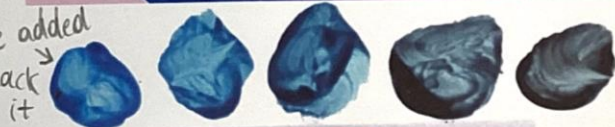

when I added black to red it made it look purple. when I added white to purple it didn't really change that much. when I added black to blue it changed a little bit.

we added black to red

we added Black to it

I added white to it.

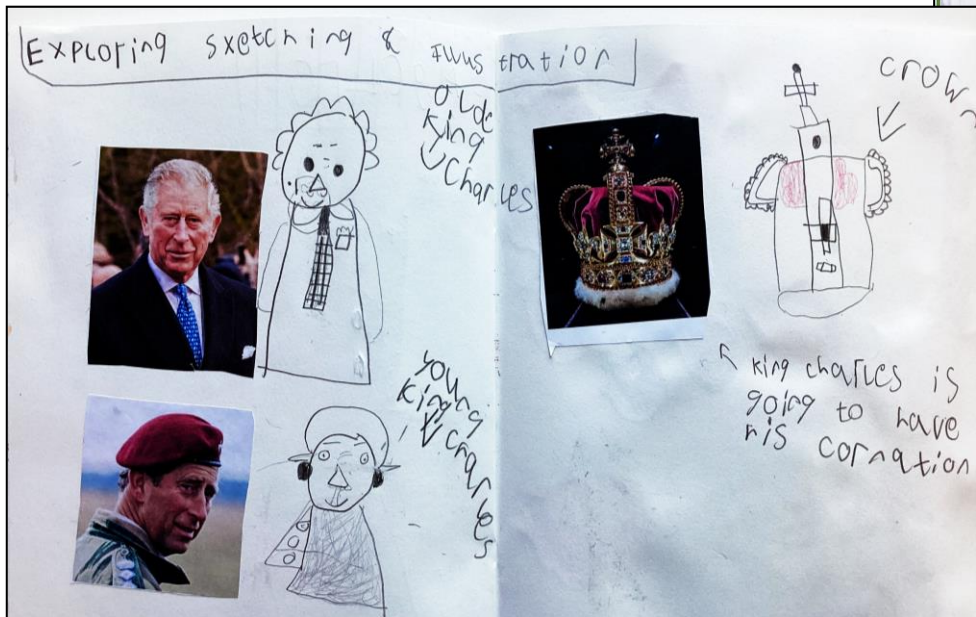

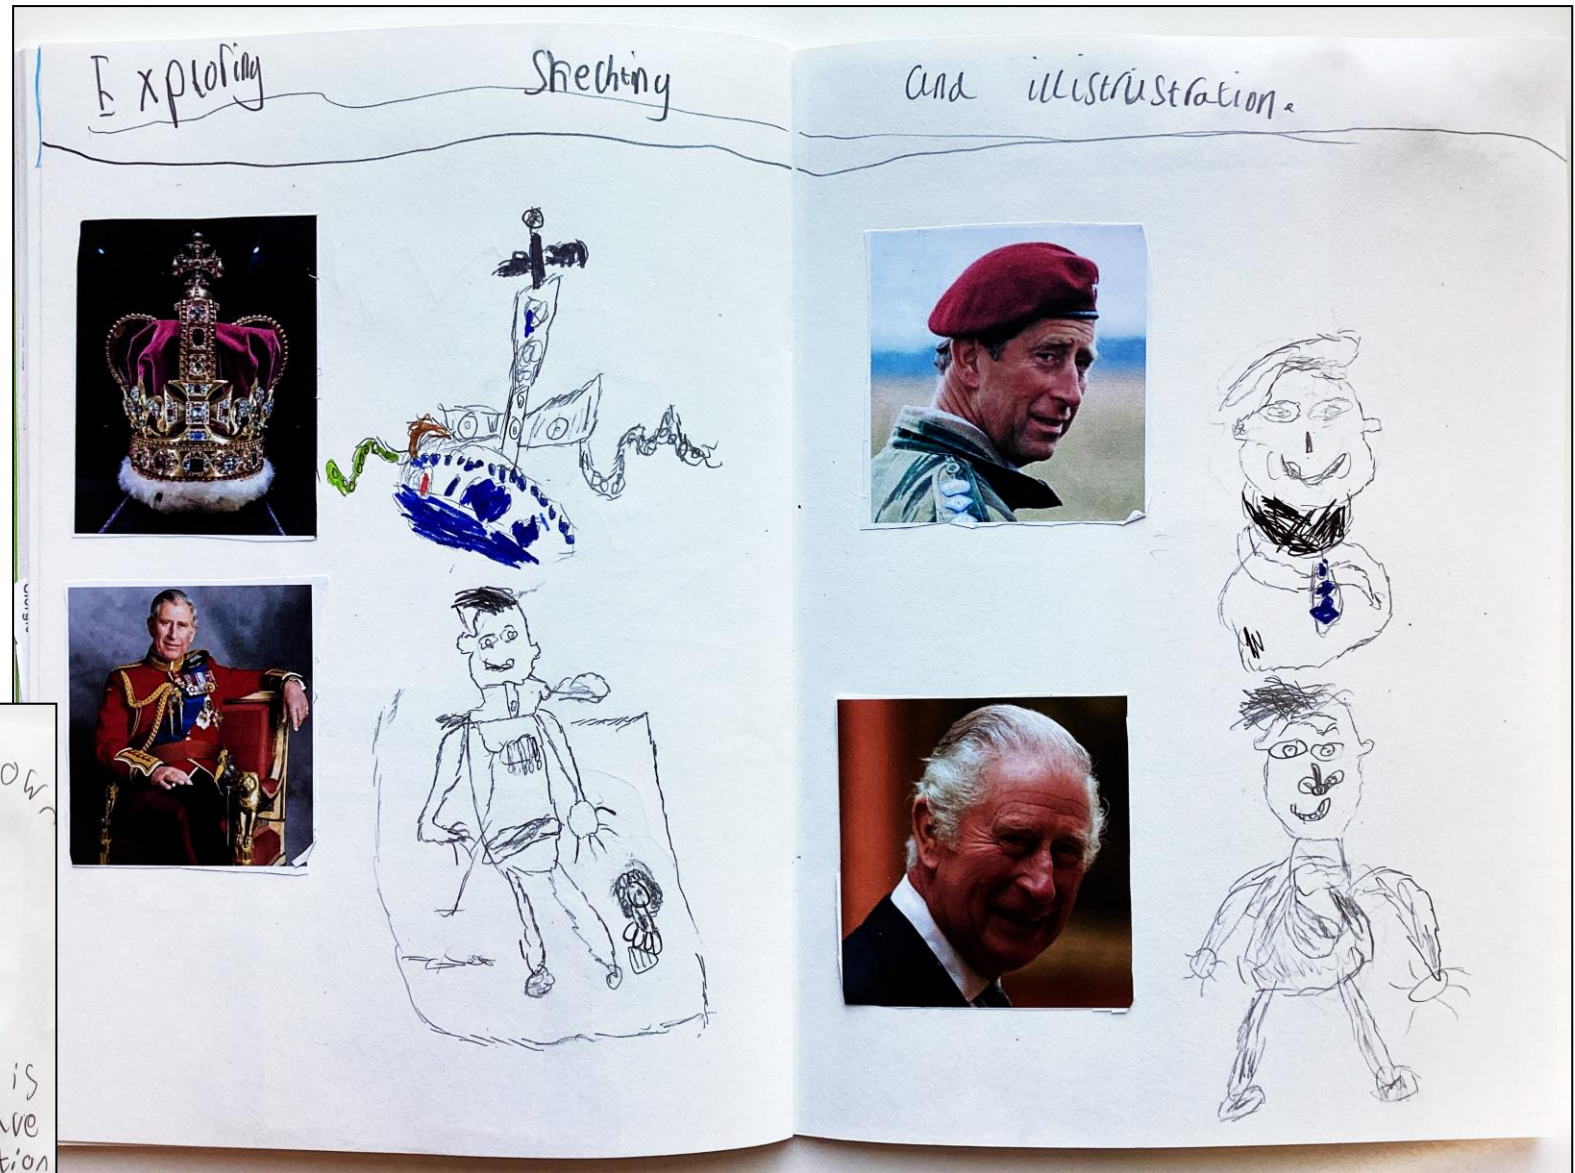

The
I can
improve
the point.

The
head.

I like
the colours
I have used.

= the colour
x. 10. 13. 14

black

I put black in the peach then it turned into light peach.

I put white in pink and black and it made it light.

I just put orange by

I put pink and black

I put pink then black and then white.

I added white

I added white. I added black.

I added black.
I added white.
I added peach.

I added pink.

Making pop-rock models of King Charles III
