

Homework Menu - Autumn 2

Choose three tasks to complete during the next 7 weeks.

Go on a walk in the dark (with a grown up). What sounds do you hear, what can you see moving, what can you see that is giving off light? Take photos or make a list.

Do a survey with your family and friends. What was (or is) their favourite subject at school. Use the information you get to make a bar chart.

To practise your maths skills using online platforms
<https://play.numbots.com/>
<https://whiteroseeducation.com/1-minute-maths>

Write a letter to Santa and post it to the North Pole.

Practise counting in 3s. Can you learn it off by heart?
Send us a video on Seesaw.

Research what Victorian schools were like. How were they different from our school today?
Create a poster or fact file about them.

In Design Technology, we will be learning about food and nutrition. At home, help to prepare and cook a healthy meal.
Send us a picture on Seesaw so that we can show the class.

Create a Christmas, Autumn or Winter collage.
